Nestled in the Blue Ridge Mountains, Mars Hill College is the oldest educational institution in Western North Carolina. It is a liberal arts college that offers a wide variety of degrees and encourages involvement in the arts as well as the sciences. Its name was taken from Acts 17:22, where Paul conversed with the Athenians while standing "in the midst of Mars Hill". At Mars Hill College, like ancient Mars Hill in Athens, faith and reason unite. Dialogue, questions of faith and philosophy, values, truth discerned in the sciences, arts, sports, and in every human endeavor, is encouraged and explored. Mars Hill College stands out in how we try to meet the world with creative vision, compassion, and value for others. And like Paul, we stand up and stand out for what we believe.

## MADE TO STAND OUT

As we mature from childhood and our teenage years to adulthood, we start trying to find out who we are. We begin to explore what we believe, the values we hold, the traditions we have followed for years. And we discover who we really are – that we were made to stand out.

The ways we stand out at Mars Hill College – as students, as individuals, as

friends, as Christians, and as a whole – are numerous. Through the years that students spend here, they learn more than just career skills through the liberal arts curriculum; their talents are explored, their limitations are expanded, and their dreams are fulfilled. They find their own purposes and how they stand out – individually and as a college.

# Gateway Orientation

The time to say hello to Mars Hill and  
goodbye to parents.

When the freshmen arrive on campus they are standing out just on their own, by being freshmen! This is the time of their lives where they pack up old memories and leave home to establish new ones. Mars Hill College becomes the new environment to call "Home Sweet Home." It is important for the new students to be accustomed to college. They no longer have the swinging of the locker doors, or gossip in the halls. They now have the constant walks from class to class across campus, not to mention dorm life along with the inevitable... cafeteria food. It is exciting however to be a freshman, most enjoy the moment of being the new people on campus. The goal that Mars Hill has for the freshman is making

the first college experience a good one. The Gateway Staff contribute to this goal in a very intense way. They help the freshman move into their dorms on men and women's hill. They also host events and games for the students to play. Each evening during the Gateway Orientation, they designate a location on campus for the freshmen to mingle and get to know one another. On the first day they had a freshman mixer which was a dance party for the newcomers. The following nights there were air games, pool parties, game night, and the event all Mars Hill students, not just freshmen, look forward to: the Welcome Back Dance. It is critical that Mars Hill reaches out and aids the new students' arrival on campus. They need to be comfortable enough to later contribute in the same regard to new incoming freshman for years to come.

# IT'S A JUNGLE OUT THERE!!

The parade flourished the streets as it drove through the town of Mars Hill. The college students, alumni, citizens, and faculty members crowded the sidewalks to get a glimpse of the many organizations decked out with the theme "Wild Kingdom". Convertible cars drove by with prestigious members of Mars Hill College dressed fittingly

for the occasion. Following them were sororities and fraternities dressed up as animals embodying the theme while their vehicles were decked out with jungle ropes and vineyard branches. Groups and organizations threw out candy to the spectators enjoying the parade. Children smiled while their parents were

reminded of their days at "The Hill". It was a sentimental moment where the school joined without any prejudice against the differences in each organization. Although each organization stood out in their own individual way, they came together to present a unified school spirit which is what Homecoming represents.

Members of the Christian Student Movement carry a banner during the Homecoming Parade. Each organization on campus was represented on the march through Mars Hill.

# Celebrating Our Heritage: The Lunsford Festival

For 36 years now, Mars Hill College has celebrated the Bascom Lamar Lunsford Festival. It all started out back in 1928 when Bascom Lamar Lunsford began collecting and playing traditional music from the Western North Carolina region. The festival began in 1928 as the Asheville Mountain Dance and Folk Festival, but in 1960, when Lunsford's health began to fade, he agreed to let his name be given to the festival. Since 1967, Mars Hill College has hosted the festival on the first weekend of October. People from all over the

region and even some from out of town, including many MHC alumni come to enjoy all types of festivities. For instance, the 12 time national champion Bailey Mountain Cloggers were a big hit at the festival, with alumni from the team joining in the performances. Also, the festival provided something for all ages. Jane Renfroe, pottery instructor at MHC, not only sold handmade pottery, but did demonstrations throughout the day on her pottery wheel. Many local vendors from Madison County sold things like artwork, wood-carved

signs, honey, and hand-knitted blankets. There were also plenty of interesting activities for the kids, such as face painting, candlemaking, and a petting zoo. Since the festival first began, it has evolved from local musicians jamming together to hundreds of local vendors, musicians, and Mars Hill students coming together to enjoy good food, dancing, and music. As in years past, the Lunsford Festival for 2003 was quite a success. - Becca Carey

# LIONS GROWL ZOOZ

The homecoming festivities this year were kicked off on a cold Thursday night at Meares Stadium. Students and alumni gathered for the annual Lion's Growl to watch different campus organizations show their school spirit and compete for the prize of \$100. While many of the groups' presentations brought laughter, Delta Kappa Theta's hilarious version of America's Funniest Home Videos on the Wild Kingdom theme stole the show. The fireworks display after the skit presentations ended the evening in a patriotic mood as students realized again how we stand out. Other organizations that competed: Cheerleaders, Delta Phi Zeta, Delta Zeta, Gamma Chi Epsilon, Dance Team, Sigma Alpha Chi, Theta Chi, Delta Kappa Theta, and ISU (Insane Steppers in Unity).

The senior football players, escorted by the cheerleading team, were individually recognized for their dedication and hard work.

Pledges of Delta Phi Zeta decided to entertain the crowd with a dance. Numerous organizations incorporated dancing into their skits.

# Interview with Jesse Jones

One student's first-hand account of  
the War in Iraq.

"It was like *Groundhog Day* in a huge sandbox in the blistering heat." This is how Mars Hill student and U.S. Marine Corps Corporal Jesse Jones describes his experience while being stationed in Iraq. He was expecting, like the rest of his classmates, to graduate this May, but last January the tables turned and he was sent to fight in Iraq while making stops in California and Kuwait along the way. Jesse spent a little over six months overseas and while he was in the midst of a war, he was able to keep a little piece of Mars Hill with him: "I am very thankful for the prayer, letters, and packages that the MHC community provided during my tough situation." Story continued on next page.

Now, more than ever, Jesse realizes how important college is and brings to light what most of us take for granted.

"I missed my family and friends and even the crazy hours in the library putting together 20 page papers for the professors at Mars Hill." Jesse returns to us this spring and expects to graduate in May of 2004 with a double major in political science and sociology with a concentration in criminal justice. He also hopes to extend his service work from the Bonner program and use his talents after college to better society.

# TALENT SHOW ZZZZZ

Homecoming activities continued with the MHC Talent Show on Friday, October 24th. The talent show provided students an opportunity to stand out. This year there were nine participants in the show, and a great crowd turned out to cheer them on. All of the contestants except the Step Team sang, with three contestants who also wrote their songs. Michael Fisher started off the night singing "More Than You Know." Freshman Meg Currier sang "Imagine Me." Sophomore Josh Leland sang his self-written song, "Don't Tell Me," and also played the guitar, winning third place. Chelsey Gaddy sang the Jewel song "You Were Meant For Me," and Dane Peterson sang a wonderful rendition of "Christmas Shoes" that won him second runner-up. The Step Team had a great performance, as always, followed by Josh Dillingham, who also wrote his own song, "Push," and played the guitar, winning runner-up. Sophomore Terra Kohl sang the Dixie Chicks remake of "Landslide," followed by this year's winner Donia Paynes who sang acappella a song he wrote himself. Altogether, this year's show was an incredible showcase of student talent.

Dr. Lunsford and Troy Day, chairman of the Board of Trustees, shared a few private moments as they donned their academic gowns.

## *Dr. Lunsford's Inauguration*

The Mars Hill College community celebrated the official installation of Dan Lunsford as the college's 18th president on Friday, November 7.

In attendance were faculty, staff, and students, community members, representatives from other educational institutions, several members of the Lunsford family, and various other dignitaries.

The ceremony formalized the decision by the Board of Trustees last May to end a nationwide search and select Lunsford as college president. He had been interim president since February 4, 2002.

"Preserving the Past, Assuring the Future" was the theme for the events surrounding the inauguration and was also the theme of Lunsford's inaugural address.

# CAMPUS ACTIVITIES BOARD

Campus Activities Board is made up of a staff director, a student director, and a committee of dedicated students. The purpose of the board is to provide a variety of activities for students to do on campus. Some of the activities that CAB provides include the Winter Formal, fun

games during Spring Fling, "Breakfast in Bed" dinners in the cafeteria, social events in the Timberline (pictured on the right), and much more. CAB brings bands to campus and is responsible for the great Homecoming activities such as the talent show and the Lion's Growl.

Students dance the night away at this year's Semi-Formal. The theme was Oscar night and the evening was complete with a red carpet leading into a lovely heated tent.

Ashleigh Trievel, Joanna Robinson, Brandon Jeffs, and Emily McCollin work hard in a planning meeting. Members of the Campus Activities Board meet each week to plan upcoming events.

At the beginning of the year, students try to see who can run the farthest before being snapped back into a cushion of air. The air games on the quad are a big event for students and are highly attended.

# DELTA ZETA

Delta Zeta is currently the only national sorority on campus and has 34 members. Delta Zeta was established in 1902 at Miami University in Oxford, Ohio. Their CCD's are Robin Cole and DeAnne Lyda. They do fund raisers for different organizations and their philanthropy is for the hearing and speech impaired. They also volunteered at a dance held at Mars Hill Elementary for the Special Olympics. They take a part in Adopt -a-Highway as well. Some events the sisters do throughout the year include capture the flag, scavenger hunts and having events such as brunch at Homecoming to stay close with alumni.

# DELTA PHI ZETA

Delta Phi Zeta is a sisterhood of unique women, having a strong bond of friendship and a lust for life. Delta Phi Zeta was established in 1966 as a service/social sorority at Mars Hill College. Since that time they have promoted unity between the college and the surrounding community by performing acts of service through organizations such as Manna Food Bank, HelpMate, the Red Cross, and Mountin' Hopes. They also hold socials with their beloved Big Brothers - there is always time for friends and fun. Their motto is "Friends by chance, sisters by choice".

Gamma Chi Epsilon, a local sorority on Mars Hill campus, was founded in 1987. Their colors are purple and green, their mascot is the peacock, and their flower is the violet. Throughout the year, the sisters of Gamma sponsor many events, including a sock hop, the Annual Dance for Independence with IXA, the Clothesline Project to raise awareness about domestic violence, and the Homeless Awareness Sleepout. The sisters also spend their time helping Madison County by participating in Make a Difference Day, Relay for Life, and working with the Northwestern Regional Housing Authority.

A

Iota Chi Alpha is a Christian sorority that was founded on the Mars Hill Campus on February 14, 1984. This year the sisters have participated in many different activities both on and off campus. Some of the service projects and activities the sisters have been involved in this year are: Operation In-As-Much at Mars Hill Elementary mentoring students at New Direction Farms, Children's Book Drive for the Family Room, the Annual Dance for Independence at MHC and the Homeless Awareness Sleepout. Other activities the girls have annually are rush and pledge seasons, and Big Brother Week. This year the sisters participated in fundraising by selling "Like a Kid Again" raffles tickets and candy grams. The purpose of this organization is to set a Christian example in service and sisterhood.

# SIGMA ALPHA CHI

Throughout the year, Sigma Alpha Chi has many service projects and fundraisers. In the fall, Sigma sponsors an annual Rock-a-Thon in front of McDonalds in Weaverville where the sisters rock in rocking chairs for 12 consecutive hours, sometimes in freezing temperatures, and take donations to fund the Ronald McDonald

House. In the spring, Sigma also conducts a Swing-A-Thon to benefit the Children's Miracle Network. Here, the girls swing for 12 hours at the Wal-Mart in Asheville, raising money while having a great time. Other events throughout the year include car washes, raffle sales, and BooGram sales at Halloween.

The goal of the Christian Student Movement is to help students grow in their faith, provide opportunities for service in the community and throughout the world and encourage community on campus. CSM has a variety of activities to get involved in including the New Beginning Singers, Creative Ministries, Spiritual Growth, and Missions. On Tuesday nights, CSM holds its weekly FLASH (Food, Laughter, And Serving

Him) meeting. At FLASH students get to fellowship with each other as well as with members of local churches. CSM provided students with the opportunity to go to the Bahamas on a mission trip to work with kids. Also this year CSM started a new mission project based on the verse Matthew 25. With this project, students have the opportunity to get involved in feeding the hungry, visiting the lonely and imprisoned, and much more.

## Praise and Worship

Praise and Worship meets Wednesday night in the Old Mars Hill Theater for worship and spiritual growth. A great part about coming is the opportunity to meet and fellowship with students who are followers of Jesus Christ. As a student-led group there are opportunities for leadership and service whether you serve God with an instrument or

encouragement and prayer. Doors open at 7:30 p.m., Worship begins at 8. This is the time to enter into the presence of God and give Him the praise he fully deserves. It's group-focused on the Word of God (the Bible) as truth.

Praise and Worship is a great place to worship, study the Word, and build relationships.

Lindsey Jones picks up her dribble and looks for a pass. Teammate Heather Connelly moves to get open.

Lindsay Roberts, a freshman, shoots her free throws after being fouled going up for a basket. The freshmen on the team have really stepped up to fill in the holes left by the seniors of last season.

## Teamwork

Lindsey Jones gets the ball and senior teammate April Hatten moves to help block some opponents so Jones can take the shot.

Freshman Abby DeBusk dribbles past Tiffany Atkins looking for the open shot.

Senior Tiffany Atkins, a leader on this year's team, goes up inside the paint for two points.

# WOMEN'S CROSS COUNTRY

The Women's team was another very successful team for Mars Hill this season. They won the SAC Championship for the sixth time and also won the Region Meet, earning a trip to the NCAA National Meet. There were several individuals on the team who also earned awards. Kate Prichard, Greta Statler, and Kristen Shipley earned All-Region Awards. Rachel Retallick, Greta Statler, and Kate Prichard were named

First Team All-Conference. Tabatha Lee and Kristen Shipley were named Second Team All-Conference. Kate Prichard was the Conference Freshman of the Year and Rachel Retallick was Scholar Athlete of the Year. Coach Mike Owens was named Region and Conference Coach of the Year.

Erin McKee, a freshman, ran well for the Lad Lions this season, running seventh on the team for Nationals.

# A Long, Long Championship Race

*The Mars Hill men's and women's cross country teams competed in the Southeast Region Division II Championships on November 8, 2003. Team member Carson Byrd dedicated this account to the memory of freshman runner Bobby Beeson (May 8, 1985 - Nov 7, 2003).*

CARY, N.C. - A light rain fell as Coach Owens, Craig, Dustin, Jon, and I head out to a nearby greenway for a shakeout run. The rain still falls gently, the swishing sound of runners in wind-suits fills the air, and Mars Hill parents and friends start to gather.

Tyler and Rachel dash off on their run. Elliot and I brave the drizzle and cool temperatures and run in nothing but our shoes, socks, and running shorts. When we return, our shoes, legs, and the back of our shorts are covered in mud.

The rain starts to fall a little harder.

The girls' race is about to start. BANG! They head down the hill and disappear into the woods where they'll run a few loops before they ascend the 600 the hill to the finish. Kate runs in third, about forty meters behind the leader. Greta follows closely in sixth place. Kristen and Tabatha run ten meters apart. Ashley runs along a couple of seconds later with Chelsea not far behind. Erin pushes hard to catch runners a little further back. The Lady Lions finish in that order.

The rain still falls.

I help the guys as they finish their preparations. Dustin and Jon lead the team to the box, all faces hard and focused. They begin their strides. We gather into a circle, put our hands in the center, and go through our normal pre-race chat. We encourage, advise, and support each other. I lead the prayer that flows into the

Lord's Prayer. We break it down on three and yell "MHC!" Craig, Daniel, Dustin, Jon, James, Corey, and Steve jog up to the starting line and take their places. They take off their warm-ups to reveal their blue and white uniforms. On the left strap of each singlet is a piece of athletic tape. On it is written Beeson's number, 128.

The rain still falls.

People watch the runners head down the hill into the woods, then run to catch another glimpse. Craig and Ryan Willis of Catawba run 1-2. Not long after, Daniel runs at the head of a small chase pack with Dustin, Jon, and Corey near the back of it. James and Steve run by about fifty meters back.

The rain slows and then stops.

Craig pushes up the hill with Larry Marshall of St. Augustine's on his shoulder in second. Daniel flies by in fifth; Dustin, Jon, and Corey cruise by, picking off runners. James and Steve run up and down the hill and keep racing in the woods.

On the last loop of the race, I see one runner through the trees, flying through the mud and making the turn to approach the hill. It's Craig! He makes the turn and starts to fly over the hill. Willis blitzes through the woods, a hundred meters back. Daniel remains in fifth as he tries to catch Chris Hyatt of Pfeiffer. Dustin speeds by, picking off runners like a farmer picks apples from a tree, one by one. Jon and Corey run by, ten meters back, doing the same. James presses the hill, passing a group of three. Steve follows a little while later, chasing a pack.

Craig cruises the last mile to an easy victory. Daniel sprints in for fifth with Dustin finishing four spots back in ninth. Jon and Corey finish 21st and 26th, James finishes 33rd, and Steve crosses the line in 69th, respectively. We all give

each other hugs, high-fives, and congratulations. Jon and Corey hug. Jon's parents and sister, who flew from Wisconsin, give him a hug. We head back to the bus with the parents and the fans. There we get brownies, candy, and treat-bags from some of the parents. After getting cleaned up, we walk over to the awards presentation.

A giant part of the crowd is Mars Hill runners, fans, and parents. Coach Owens, who is also the Southeast Region representative, announces the awards. The Mars Hill's women have three All-Region Runners in Kate (3rd), Greta (6th), and Kristen (12th). Coach Owens wins the Coach of the Year award, and to top it off, the women take the Southeast Region team title by outdistancing Lees-McRae 67-76. Mars Hill men also have three All-Region runners with Craig winning the race, Daniel finishing fifth, and Dustin ninth. Owens also wins Coach of the Year on the men's side, and Craig is Runner of

the Year. The men win the team title over Lenoir-Rhyne, 62-80.

The clouds begin to break up.

On the bus, some sleep, some listen to CD and MP3 players, and some watch "Ali" on the TVs. We're excited about returning to Nationals for the second consecutive year, but returning home is going to be difficult. We return with questions in our heads and without a teammate, a friend and a brother.

Our journey to Nationals is almost complete. Our journey through life is going to be rough, but we're a strong team, a strong family. This morning Elliot said that he's been on teams where, if all of the stuff of this season had occurred, those teams would have split apart. He knew our team would roll today, and we would stick together afterwards. He's right. The sun sets on the road home.

The sky is blue.
